Pte. Frank Burling received slight arm wounds while serving in France.

Cpl. Mervin Firth has returned to Gravenhurst, where he is stationed, after spending four days leave with his family.

## Mayor Dales Heads Pro Tem Committee Operating Town Rink

Council Monday night appointed a pro tem committee of four to handle arrangements and operation of the town arena until a private bill can be passed through the legislature authorizing the issuance of debentures to pay for the arena. It is expected that the bill will outline the conditions under which the arena will be operated by the town from that time onward.

Until the bill is passed Mayor Dr. L. W. Dales, and Councillors Joel Spillette, A. V. Higginson and Frank Bowser will act as operating committee.

"We have a starting point. We have something on which to build," Mayor Dales told council.

"I think that health and recreation should be put under a board which could organize and operate a year round recreation program. The council, with its changes from year to year, is not the proper body to assume the duties of organization and management."

"A board or commission would be able to apply for post-war government subsidies. Such a board could handle all the sports in town, organize them, allocate funds, and so on. In a short time, you would be surprised at what could be accomplished."

Councillor J. A. Perks said that in the meantime a committee should be formed to handle the immediate matters pertaining to the rink.

Reeve Fred Lundy: "The president of the arena company has agreed to turn over the rink to the town for the coming year."

Councillor Spillette: "Can we assume that we will have no trouble in getting a bill passed through the legislature?"

Clerk N. L. Mathews: "We can expect no trouble at all in view of the overwhelming majority of the vote."

Reeve Lundy: "If there is no opposition in the house, the bill will go through without trouble, and I anticipate no opposition."

Clerk Mathews: "Why not a committee of council to operate the rink this winter?"

Mayor Dales: "My idea exactly."

Clerk Mathews: "Such a committee could make recommendations that could be inserted into the bill before it passed the house."

Deputy-Reeve Arthur Evans: "Arrangements could be made to use the arena the year round. Dancing, sports in the summer, possibly the construction of a swimming pool, and in the winter, skating and sports."

Mayor Dales thanked the council for the support the members gave to the proposition. "I want to congratulate this council in sensing the interest in the arena."

A town-owned arena is of great importance to the welfare of the young people of this town. The young people are going to get a break," Mayor Dales said.

At a meeting of the public school board on Friday night C. M. Carter was elected to replace Norman Williams who has left Newmarket.

The meeting, which was held in the King George school, was conducted by Mrs. J. C. Edwards.

Reporting to the board on the success of the public school field day, Fred Hall said only 88 pupils in all did not participate.

"Four hundred and fifty-nine took part in the preliminaries and of that number 354 reached the standard of participation for the finals."

"Those who did not participate were mainly first year pupils who were too shy to want to join in the activities, and final year pupils."

Mr. Hall said.

"By requiring a standard of participation, the pupils practice to reach that standard and a much greater general interest is developed. The field day this year was much more successful than last year."

Principal H. A. Jackson reported that the public schools had had 91 percent attendance in September, which, he said, is considered a good average. He said that absence was due mainly to parental neglect and help being needed at home.

Mr. Jackson asked the board to secure a permit for a supply teacher to temporarily replace Miss Alice Clarke who was injured in an accident on October 1.

The board again discussed obtaining the services of a music supervisor for the schools. Both Mr. Jackson and Mr. Hall said they felt that a music supervisor's guidance had definite advantages. The board decided to continue their efforts to obtain a qualified supervisor.

A motion was passed to write to A. O. Hobbs, publisher of the Newmarket Era and Express, thanking him for the great assistance he gave the board and wishing him and Mrs. Hobbs good luck in their new undertaking.

In a letter to the board, Miss Jessie Smith, public health nurse, asked that couch covers, blankets, pillows and pillow cases be supplied for the health rooms in the three public schools. The letter stated that in the past, sick pupils were covered with teachers' coats. Miss Smith also brought the fly nuisance in the schools to the attention of the board.

The board arranged for the purchase of the required furnishings for the health rooms. In discussing the fly nuisance, the board found that at present it is impossible to buy copper screens for the classroom windows.

## REPORTED MISSING

Pte. Don Edwards, 28, son of Mr. and Mrs. Fred Edwards, Niagara St., is missing in Italy. Born at Aurora, Pte. Edwards came to Newmarket 14 years ago and, before his enlistment in 1940, had been employed by the Davis Leather Co.

Now, said Deputy-Reeve Evans, if the council will authorize the cost of a pipe detector, patterned somewhat like the mine detectors used overseas, much labor will be saved. These detectors will locate the pipes in short order and the men will know exactly where to dig. What did the council think about it? Council gave its approval.

At the council meeting Monday night, Deputy-Reeve Arthur Evans brought up a problem peculiar to the water and light committee of which he is chairman. And what is more, he accomplished a successful solution for that problem.

Deputy-Reeve Evans is troubled with the finding of pipes which have lain underground so long that their exact whereabouts is a mystery. To find the pipes it is often necessary to dig several holes before digging the right one, much to the detriment of property values.

## IS BURIED IN BELGIUM

Flying Officer Ivan Atkins, previously reported missing, presumed dead, has been buried near Antwerp, Belgium, according to word received by his father, Mr. H. Atkins, Newmarket, last week.

## Loan Quota In Town Raised To \$350,000, District To \$2,400,000

Oct. 23 is the opening date of the Seventh Victory Loan. The objective for Newmarket is \$350,000 as compared to \$335,000 in the Sixth Victory Loan. The loan period extends to Nov. 11.

The total objective for York County North is \$2,400,000. The district objective was \$2,275,000 in the sixth loan.

Newmarket salesmen for the Seventh Victory Loan are Wm. Bosworth, C. C. Gamble, Jack Luck and Tom Doyle. The last named are new salesmen. The first two have served in previous loans. Aubrey Davis is chairman of the district campaign.

Official slogans for the Seventh Victory loan are "Invest in Victory," and "Buy one more than before." The insignia of the loan, a replica of which appears at the top of the page, is patterned after the shoulder badge of personnel attached to the Supreme Headquarters Liaison Staff in France.

In conjunction with the loan drive, the Lions club is presenting a Victory Revue at the camp on Tuesday, Nov. 7. As before, admission to the show can only be had on the purchase of a bond. The Newmarket Veterans are showing war pictures at the town hall on Wednesday, Oct. 25. On Oct. 20, Aubrey Davis, chairman of the district campaign, will preside over a dinner for the district organization at Pickering College. Capt. Sidney Lambert, padre of Christie Street hospital, will be guest speaker. On the opening day of the loan the Lions club will have a special victory loan meeting.

A break-down of local objectives in the Seventh Victory Loan as compared to the sixth loan follows:

Newmarket, \$350,000, \$335,000; Aurora, \$210,000, \$200,000; Markham, \$90,000, \$85,000; Richmond Hill, \$110,000, \$100,000; Stouffville, \$110,000, \$100,000; Sutton, \$70,000, \$60,000; Woodbridge, \$120,000, \$110,000; Georgina, \$70,000, \$65,000; North Gwillimbury, \$70,000, \$65,000; East Gwillimbury, \$170,000, \$160,000; King, \$265,000, \$255,000; Markham Twp., \$300,000, \$290,000; Vaughan Twp., \$300,000, \$290,000; Whitechurch, \$165,000, \$160,000.

## APPLE DAY NETS \$202 FOR BOY SCOUT WORK

Receipts from the Boy Scout Apple Day last Saturday amounted to \$202.91. Cub Donald Budd led his fellow scouts and cubs with sales to the amount of \$15.14; Scout Paul Morton was runner up with \$14.02. Cub Taylor Gilbert and Scout Ron Coveney were third and fourth with \$10.41 and \$10.25.

Receipts from the Apple Day go to the local council of the Boy Scouts Association for the furthering of Scout work and for Scout camp.

## COMMITTEE SEEKS SITE FOR TOWN INCINERATOR

On behalf of the incinerator committee, Reeve Fred Lundy told the council Monday night that every effort is being made to negotiate an appropriate site for an incinerator and that as soon as the arrangements for such a site can be completed, work will be started immediately. Councillor Frank Bowser said that he had had several complaints about smoke from the dump on Monday morning.

Reeve Lundy said that the dump caretaker had definite orders that there must be no burning at the dump on Mondays.

## ALLIED ADVANCE SLOWS PRISONER OF WAR MAIL

Next of kin of prisoners of war in Germany have been told in a letter from defence headquarters that mail and parcels to the camps have been curtailed because of Allied advances.

Arrangements are being made to have mail go by way of Switzerland. Previously, mail had gone by way of Portugal. Letters which were posted in mid-summer are being received here but mail since that time has been slowed due to Allied bombing which has destroyed rail and postal facilities in Germany.

## SHOW WAR PICTURES

The Newmarket Veterans' Association is sponsoring a showing of war pictures in the town hall at 8 p.m. on Wednesday, Oct. 25. Admission is by ticket only. All members of the armed forces will be welcome.

## ATTEND CHURCH SUNDAY

The Newmarket veterans will attend divine worship at Trinity United church on Sunday morning. The veterans are asked to meet at the post office at 10.45 a.m. Dress will be hats and ribbons.

## BIRDS FLY SOUTH

Mrs. A. Thompson, 9 Victoria Ave., reported that on Sunday night about sundown, she saw a huge flock of geese flying south in the form of a perfect V.

"There were well over a hundred of them and flying quite high," she said. Other residents have reported seeing the same flock. It is a gloomy fact, but snow will be flying soon.

## MAYOR'S DOGS WIN

At the dog show held in Toronto on Oct. 7, Mr. Moreover, owned by Dr. L. W. Dales, took first prize in the Canadian bred, solid black class and third in the novice class. Black Watch placed second in the Canadian bred, solid black class and second in the novice class, black.

## PUPILS TESTED

Two hundred and thirty Newmarket high school pupils have been given their T.B. skin test. Dr. J. H. Wesley, M.O.H., said Wednesday.

## BUY HOME

Mr. and Mrs. E. H. Hargreaves have purchased Thos. Blizard's house on Prospect Ave., Newmarket, last week.

## MEET NEXT WEEK

The Newmarket Veterans' Association will hold its monthly meeting on Thursday, Oct. 20, at 8 p.m. in the council chambers.

## COMMENCEMENT NOV. 24

Nov. 24 is the tentative date for Newmarket high school commencement exercises. The program will consist of a banquet for the graduates, presentation of prizes and scholarships, a speaker and dance.

## BRINGS TOWN HONORS

The Ivy Drilling Co. is drilling for oil on George Denn's farm at the edge of the flats on Concession One East. A portable rig has been out there these last three weeks and in that time the drillers reached a depth of 243 feet. At the present time drilling is halted while repairs are being made to the rig.

W. J. Patton, geologist on the site, said that geologists have long thought that somewhere between Sarnia and Kitchener there is oil. Geological evidence points to large oil deposits in this area and, Mr. Patton said, George Denn's farm looked the best bet.

At present, the drillers have sunk a ten-inch pipe to a depth of 243 feet where the drill hit limestone, or as the geologists call it, Trenton strata. All that has come up so far is water. "A good well for somebody if we don't hit oil," one of the drillers remarked.

Mr. Patton said that he expects to know whether oil is present within the next month and a half. If there is oil, it will depend on the quality of it, the quantity, and the speed of flow whether the oil will be piped to Toronto or whether a refinery will be set up on the site, the drillers stated.

## COUNCILLOR HAD FLU

Councillor William Dixon has been ill with the flu. However, he was able to return to work Tuesday.

## MEET NEXT WEEK

The Newmarket Veterans' Association will hold its monthly meeting on Thursday, Oct. 20, at 8 p.m. in the council chambers.

### INVEST IN VICTORY

The Seventh Victory Loan will begin Oct. 23. Newmarket's objective is \$350,000. Last loan, it was \$335,000.

Newmarket will make that objective and more; the town will hurdle that \$15,000 increase as if it didn't exist.

Newmarket knows what this war means. The town has seen its sons and brothers and husbands come home from the fighting fronts, some, with grievous wounds, to stay; others only to rest before returning. And the town has read the names of those who will never return.

Not everyone can be on the fighting line. But the ones who are left at home can do the next best thing: they can buy bonds. And they will, to the best of their ability. For Newmarket knows what this war means and Newmarket will invest in victory.

### DEMOCRACY IN ACTION

Two months or so ago, some 50 citizens of Newmarket signed a petition urging all speed in the construction of a military hospital to replace Christie Street. Their names were among the many thousands of names forwarded to Prime Minister Mackenzie King.

On Oct. 10, Mr. King declared: "The government has already given the highest possible priority rating, both for labor and for building materials, such as steel, timber and metals for the construction of military and veterans' hospitals. All departments concerned with the construction of Sunnybrook hospital and other hospitals for servicemen and veterans have been directed to push forward these projects with the greatest possible speed... everything possible will be done to avoid over-crowding at Christie Street and all other hospitals."

### WITCHES AND THINGS

We are hearing about the poltergeist again, this time from the village of Scrapfagot Green, Essex, England. All sorts of queer things are happening in Scrapfagot Green and Harry Price, an expert in spirits, thinks it might be a poltergeist at the bottom of it all.

A poltergeist, according to the Oxford dictionary, is a noisy, mischievous spirit. The kind of spirit you would expect to do the things that have been making life miserable for the villagers of Scrapfagot Green, things like rolling boulders around the streets of the village, scattering hay ricks and ringing the church bells at odd hours of the night.

But the villagers of Scrapfagot Green aren't so sure as Mr. Price that it is a poltergeist. They think it might be the spirit of a witch who was burned at the stake in Scrapfagot Green two centuries ago. The grave of this witch was covered by a huge boulder which was moved by a bulldozer on a road making job and the villagers think the witch's spirit might have escaped at the time. So, following instructions on the laying of witches' spirits, the villagers have very carefully measured the witch's grave, driven a stake through it as prescribed, and rolled the boulder back into place. Now, if life returns to normal in Scrapfagot Green, everyone will know it was the witch's spirit which was at the bottom of the trouble. If not, then it must be a poltergeist and there is nothing that can be done about it except to hope the noisy, mischievous spirit will go away.

### MAJ. SMYTHE CHARGES

Major Smythe's charges that reinforcements for the Canadian army are going into battle without proper training have been answered but not denied by defence headquarters. Col. Ralston, minister of defence, is at present overseas on a tour of inspection and it is reasonable to assume that investigation into the Smythe charges is on his agenda.

But the fact remains that there are many in Canada who have had personal evidence of the truth of Major Smythe's charges. A statement from the minister as soon as he returns is an obligation he must face even though it may discredit the government of which he is a member.

### What Others Think

#### SMYTHE CHARGES, PROS, CONS

(The Saturday Night)

If the supply of reinforcements for Canada's forces overseas is adequate, as Mr. Ralston says it is, a simple way to allay public disquietude over Major Smythe's and Mr. Drew's charges would be to have General Crerar, as operating head of the army on the western front, issue a statement to that effect. General Burns might do likewise, as commander in Italy. These officers have the duty and responsibility of carrying out operational tasks assigned to them and, we may reasonably assume, would be quite disinclined to cover up any political shortcomings in Canada. Thus, if they are satisfied with the number and quality of reinforcements coming forward from Canada, there is surely nothing more to be said, other than to censure Major Smythe, and especially Col. Drew who obviously is open to the charge that he is politically minded.

If Mr. Ralston is certain that the reinforcement situation is as satisfactory as he asserts it to be, he should have no objection to announcing that he was asking Crerar and Burns to report on it

and that he would publish the reports in the press. Such a statement would go far toward restoring public confidence, which would be made complete by the receipt of favorable reports from the field commanders.

Those who remember the serious shortage of reinforcements with which General Currie's Canadian Corps suffered in the later stages of the last war, and who now have some boys fighting overseas, will naturally feel especial anxiety until the matter is cleared up.

(By Norman Marshall in The Times-Review, Fort Erie)

There is now little doubt in the mind of any Canadian of the truth of Major Connie Smythe's charges about untrained troops being sent overseas. Proof has been forthcoming from the one unimpeachable source, the soldiers themselves. As Premier Drew of Ontario pointed out, enough has been coming through uncensored in soldiers' mail to arouse the suspicions of every Canadian who has contacts with the front.

Premier Drew referred to several letters in particular, which pointed out that reinforcements had been missing and that units had gone into action considerably below strength, that reinforcements were solicited from non-infantry units such as the Forestry Corps and sent into action without battle training, and that men who should have been taken out of the line for rest or treatment were forced to go on fighting because there was no one to replace them.

And the grimmest proof of all was the fact that Premier Drew pointed out that three of the four men to whose letters he referred were dead. Perhaps they were some of the trained soldiers who were killed trying to help the green reinforcements.

One of the letters pointed out that, while we have a home defence army in Canada of 75,000 men, mostly infantry, of whom 50,000 are suitable for front line service, there can be no lack of reinforcements, except through the dishonesty of the government, meaning particularly the cabinet, the prime minister, and the minister of national defence for army.

It has been stated by the minister of national defence for army that, when and if reinforcement needs required action, the home defence army would be used for just that purpose. To that end, and no other, can its training be considered useful, but, when the issue faces him and the rest of his colleagues squarely, as it does today, considerations other than practical warfare enter into their decisions to keep the trained home defence troops in Canada.

And so, while thousands of young Canadians are fighting and dying in Europe and dying unnecessarily in many cases, 50,000 supposedly well-trained troops are kept in Canada "for the defence of Canada against attack." It's about as unrealistic an approach as if a football team kept half its team sitting on the players' bench (while it wore out its actual players on the field) because "the bench might be attacked."

It's about time Canadians made an end of the present stand in regard to the use of draftees for overseas service. Nearly every one of us has someone in whom he is closely interested fighting in Europe. If, because of our indifference, that husband, brother, son, or friend is killed, through lack of trained reinforcements, his death will lie on our conscience.

We have not done our part until we have applied every conceivable democratic pressure (letters, wires, petitions) to force the government to change its stand on the use of conscripted reinforcements.

(The Record News, Smiths Falls)

After the accusations of Major Connie Smythe, who recently returned from overseas to undergo treatment in a military hospital in Toronto, and Premier George Drew, who has returned from a trip to England and France, about the poorly trained reinforcements for Canada's fighting men on the western front, we keenly await the return of Hon. Col. Ralston, now touring the battle front. Wonder if the minister of national defence will put forth some cock-and-bull story to keep Canada's inactive "Zombie" army still inactive in Canada? However, the allegations or accusation of Smythe and Drew are yet to be effectively denied or refuted.

(The Huntsville Forester)

It will be generally agreed that if reinforcements are needed at the front in France, and are unavailable, a serious situation exists, for which the Ottawa government must assume responsibility.

On his return from the front a short time ago, Connie Smythe, a major, made the startling announcement to the press of Canada, that reinforcements were being pushed into the fighting units, untrained and unfit. Back of the charges was an obvious desire to throw a brick at the King government, but their widespread dissemination would now seem to demand that a full enquiry be made, and the actual facts ascertained.

The almost brutal course taken by Major Smythe of carrying the charges in the secrecy of his bosom, from the battlefield to his sick-bed in Canada and then broadcasting them through the Canadian press, without any evidence that even his corps commander had been informed, is as unfortunate as it is incomprehensible. No honest course lay open to Smythe, who commanded only a small detachment of troops, but to inform his regimental commander, and through him get the information definitely and quickly before the Canadian high command. Such a course would have suggested itself as imperative, if there had been a desire to render service to the cause of the troops, instead of playing up the interest of party politics in Canada. On the contrary, he has seen fit to follow a course which has added still further to the anxiety within the homes of Canadian soldiers, without any proof that their anxiety has any basis of justification.

Equally surprising as Smythe's course, has been that followed by sections of the Canadian press, which has eagerly joined with him in the bright opportunity to get a fling at Ottawa. Less encouragement would be given to these recurring attempts on the part of individuals to get a spot in the limelight behind motives which are unworthy, if the press of Canada would do its part, and reject interviews which can do no service to the Canadian war effort, and are obviously intended to serve a political party, rather than the cause being sustained by our armies in battle.

## 25 YEARS AGO

From The Era and Express files, Oct. 17, 1919.

There was a big market last Saturday. Butter brought from 55 to 60 cents a pound and eggs from 60 to 65 cents a dozen.

The North York Victory loan campaign is now well organized and if the support being given by the leading citizens is any indication, it is assured of success. An interesting feature will be the North York Victory loan essay competition open to the pupils of the lower school of the high and continuation schools of North York. The subject is How Will the 1919 Victory Loan Benefit North York?

Capt. Mathews and Sgt. Tom Kay, London, Ont., are about to start on a long flight to Australia for the \$50,000 prize offered by the commonwealth government. The plane is very fast, going 120 miles an hour. It is immensely strong and can land at a low speed.

A number of Newmarket people attended Schomberg fair last Friday and report a big crowd and a good show. Rain sent many of them home early.

George Barker was soloist at the United church on Sunday. Fall wheat presents a very healthy and attractive appearance just now.

Many people employed themselves on Thanksgiving day by raking and burning leaves.

A satisfactory fire practice took place at the Office Specialty on Tuesday afternoon. Water was turned on in 1 1/2 minutes after the alarm was given and in 1 1/2 minutes seven streams of water were playing on the building. By this time all of the 350 employees were out of the building.

John Hogg, Holt, produced a well shaped potato on his farm. It weighs two pounds, two ounces.

Isaac Rose has received the contract to erect an ice house at the Industrial home and has commenced operations.

Fred Smith, Queensville, got his hand caught in the chain of an ensilage cutter he was running on Wednesday and had three fingers badly mangled.

## 30 YEARS AGO

From The Era and Express files, Oct. 19, 1894.

The times are so hard that any young man has a perfect right to take his girl out without a chaperone.

Many good looking people are deformed on the inside.

Sportsmen are brushing up their shooting irons and preparing for a Muskoka outing. The open season for deer begins tomorrow and remains open until Nov. 15.

A slight covering of snow gave the ground a wintry appearance on Sunday morning.

Sutton fair was a success last week.

Now is the time to get a ticket for the use of the library and reading rooms of the Mechanics' Institute. The literature is first class and up to date, comprising daily and weekly newspapers and all the popular magazines of the day. The rooms are having increased patronage and the directors decided on Tuesday evening to open an additional room at once so that there shall be no lack of accommodation. Persons who are desirous of joining winter classes for study of arithmetic and writing should leave their names with Mr. Atkinson. The directors are anxious to increase the desire for literature in this vicinity.

The dozen eggs that took the prize for being heaviest at the Newmarket fair weighed 2 1/2 pounds and the largest wurtzel weighed 54 pounds.

Anybody that has a horse to sell should bring it to Newmarket tomorrow. I. Silver, Toronto, will be at the North American hotel to buy all kinds of horses. This is a good opportunity to turn into cash some surplus animals that may soon be eating their heads off.

Prisoner—I only wanted to know the time.

Judge—Well, the time is five years. Next case.

## SCHOMBERG

Mr. Roy Jennings was taken to a hospital in Toronto on Monday.

Mrs. Messenger, Bolton, is spending a few days with her daughter, Mrs. R. Jennings.

Oct. 23 is the big night in the town ball. Schomberg. The proceeds will be used for the boxes for the boys overseas.

Mr. and Mrs. Andrew Mitchell spent Tuesday in Shelburne.

Mrs. G. Fox and family of Toronto spent the weekend with Mr. and Mrs. H. Wood.

Mrs. E. Carter and son, Lorne, Dond Head, spent the weekend with Mr. and Mrs. W. L. McGowan.

The first in a series of eulogies for the winter months among the members of the Victory club was held at the home of Mrs. Jas. Rae. The high score winners were Mrs. Patch and Mrs. D. Atchison.

### UNION STREET

The regular meeting of the Union Street Women's Institute was held at the home of Mrs. E. Deavitt on Oct. 12. Elmhurst Institute were guests. Roll-call was answered by naming a York county pioneer family.

Mrs. L. Johnston and Miss V. Micks are the delegates to the convention in Toronto on Nov. 14, 15 and 16.

R. H. Corner, Aurora, spoke on the Victory loan.

"When peace is finally won you will be proud that you personally had a part in its winning and you will have an investment in Canada's best security," Mr. Corner said.

The meeting was turned over to the Elmhurst Institute. Mrs. Anderson was in the chair. Mrs. W. King gave a paper on Stephen Foster. Mrs. Anderson gave a splendid demonstration on making sugarless cookies.

Mrs. T. Lowndes gave a paper on the history of St. George's church at Jackson's Point. The church is a memorial of the Sibbald family. Mrs. Peters gave a poem. Back to the Farm, and Canadian Industries. Mrs. Pollock conducted a contest which was won by Mrs. King.

Mr. and Mrs. A. E. Rundle, Pickering, spent the weekend with Mr. and Mrs. H. Rundle.

Quite a number attended Pat Murphy's sale on Tuesday.

Mr. and Mrs. T. Law, who have been ill, are recovering quite nicely.

Mr. and Mrs. Vern York, Sutton West, spent Sunday with Mrs. L. Johnston.

FORD V-8 ENGINE

It's on the job!

IN THE GHOSTLY HALF-LIGHT between day and dark, a cavalcade of Ford military trucks speeds cross-country somewhere in Britain. Soon it's circling the "perimeter track" around a closely guarded R.C.A.F. take-off field. Wheels brake to a stop and the air crews pile out nimbly, climb into the waiting bombers. Swiftly the giant aircraft zoom up into the night... Berlin-bound!

At a bustling Canadian airport, a Ford delivery truck backs deftly in under the wing of a Canadian airliner. Husky attendants swing the load up into the gleaming underbelly of the plane.

Minutes count in the delivery of these air express parcels... this box may be carrying material urgently required to keep production moving in a vital war plant hundreds of miles away... that package may contain a drug or serum needed to save a life in a distant hospital.

On the battlefronts and on the home front, Ford vehicles are "on the job", meeting important schedules with timetable accuracy. Fast, smooth, dependable as the day is long, the famous Ford V-8 Engine "Keeps 'em rolling" with time—and power—to spare.

MAGISTRATE DISMISSES  
SLOT-MACHINE CHARGE

(Oct. 12)  
Magistrate K. A. Cameron, Orillia, last week dismissed the charge of "having in his possession a slot-machine," against William Jolly, Orchard Beach, proprietor of an amusement centre known as "Funland" at Horneville. The case was heard in Newmarket police court three weeks ago. Magistrate Cameron gave as his reason for dismissing the charge that he did not consider the machine found on the defendant's premises a slot-machine because certain essential parts were missing and that it was not "apparently designed" for the purpose of emitting slugs or money. Because of this decision of his worship the machine in question will be returned to Mr. Jolly.

Previous to the hearing in this case, Magistrate W. F. Woodliffe had ruled that 20 pin-ball machines found on Mr. Jolly's premises were used as gambling machines and ordered them confiscated. In this case evidence showed that "gifts" or prizes were offered in order to induce the customers to play the machines. In the case heard by Magistrate Cameron, no evidence was brought out to show that prizes were offered.

## Training and Education— Doorways to Opportunity

### SOCIAL SECURITY MEASURES

In planning Canada's re-establishment program, its framers' work with one principal idea in mind. This was that the only answer to the problem of permanent re-establishment is a job, and that the surest way to get and hold that job is by the skill necessary for it.

### VOCATIONAL TRAINING

Every ex-service man or woman who will be assisted in re-establishment by training is eligible to have it. There is provision for paying fees for all courses and, in addition, the ex-service man or woman may receive maintenance allowances up to:

\$60 monthly if single;  
\$80 monthly for a man and his wife, together with children's allowances.

This training is available for the period of service to a maximum of one year, but can be extended beyond that period, if necessary, and if service more than one year.

### EDUCATIONAL TRAINING

This is available to all who are admitted to university within 15 months of discharge and, as in vocational training, fees are paid and there are maintenance allowances up to:

\$60 monthly for a single man;  
\$80 monthly for a man and his wife, together with allowances for dependent children.

These allowances will be continued on a month for month basis of the time in the services, providing all examinations are passed. Outstanding students may have assistance continued to completion of the course.

### SOCIAL SECURITY MEASURES

Under the re-establishment program Canada's veterans who, within 18 months of discharge from the services, become ill or unemployed may draw maintenance allowances up to \$50 if single and \$70 for a man and his wife, together with children's allowances. The out-of-work benefits are for those fit and able to work, but for whom there is no work immediately available. In the case of serious illness there is free treatment and hospitalization for any condition in the year following discharge.

As a further security measure, every veteran who enters insurable employment is entitled, after 15 weeks in that employment, to unemployment insurance credit as though the whole period in the services since July 1, 1941, had been spent in the insurable employment.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

# There's MORE to do for EVERYBODY

On the fighting front our men are still "slugging it out". Each advance... each new sector... each mile that the battle front is extended... is hard going. Much fighting lies ahead.

There's more to be done on the home front, too. More money is needed to enable our country to carry her share of the war's cost.

Our duty is clear... we, at home, must provide the money. Canada must get this money from Canadians.

Fortunately, most of us have good incomes. We can do our share.

But it is the extra effort that wins battles and we must be prepared to make extra effort on the home front. Canada's borrowing needs have been increased by some three hundred and twenty million dollars. That's extra effort that we, at home, must make. We must provide the money that is needed... more money than ever before.

We must keep faith with our fighting men. We must continue to work and save... and lend. We must all lend more.

## Magistrate's Court Sentence Is Suspended In Petty Theft Charge

Magistrate W. F. Woodliffe gave Charles John Harvey, Toronto, a suspended sentence and placed him on probation for six months in 'magistrate's court, Newmarket, on Friday. The 22-year-old defendant pleaded guilty last week to a charge of stealing three jugs, a blanket and other articles valued under \$25 from the cabins of Carl Swanson, Schomberg Junction, on Oct. 21.

"I don't know that your age will help you any," his worship said in passing judgment. "You are old enough to know better. However, I am taking into consideration the fact that you have not been in trouble before, that you have made restitution and that you have spent some time in jail. I am giving you a suspended sentence and placing you on probation for six months. A bond will be prepared and you will have to consent to the conditions of that bond and report to the police regularly. If you comply with the conditions of the bond it will be alright but if you fail to live up to these conditions you will be brought back again to face this charge."

Pleading guilty to a charge of careless driving in Whitelchurch township on Oct. 6, Emerson Sheppard, 66, Cedar Valley, was fined \$40 and costs of \$2.75.

Bruce L. Fogal, D'Arcy St., Newmarket, told his worship how he had been driving along the side-road near Bogartown on the evening of Oct. 6 when he noticed a car approaching on the wrong side of the road. In spite of the fact that he himself drove his car well over onto the shoulder of the road he was unable to avoid a collision with the oncoming car which was driven by accused, he stated. County Constable Ronald Watt said he investigated the accident and found marks found on the road set the point of impact of the two cars at nine feet from the north shoulder of the 21-foot road, indicating that the accused had been driving on the wrong side of the road.

Questioned by Magistrate Woodliffe, the officer stated that the damage to the Fogal car was \$125 and that Mr. Sheppard was looking after the damages.

Mr. Sheppard gave as his reason for the accident that the steering wheel of his car was stiff and he was unable to pull over to his own side of the road fast enough.

"I am going to recommend that your license to drive be cancelled for the time being," Magistrate Woodliffe told Mr. Sheppard. "I am going to recommend to the department that you have your eyes tested before it is returned to you."

Other cases disposed of by his worship were: H. S. Heges, Toronto, Kokotow Irving, Kirkland Lake, and Elmira Leppala, Toronto, each fined \$15 and costs for exceeding the speed limit on Yonge St.; Frank Payce, Toronto, fined two dollars and costs for having inefficient lights on his car, and R. C. Bryson, Toronto, fined \$10 and costs for failing to have a 1914 driver's license. Provincial Constable William A. Melbourne laid the information in each case.

# GROWING UP WITH CANADA

## - FOR 75 YEARS!

Up through 75 eventful years of Canadian history . . . up from horse and buggy days to the fast-moving, mechanized world of today—General Motors of Canada and the pioneer venture from which it sprang, have grown with this growing nation.

Thanks to the constant and continued support of the Canadian public, General Motors, through three-quarters of a century of service to Canada—

has developed into a vital national asset . . . a power for progress in peace, a tower of strength in war!

From GM's busy assembly lines has rolled a mighty measure of the automotive transportation that has helped build modern Canada. From GM's factories and foundries, at this critical time, is pouring an overwhelming volume of that splendid fighting equipment which is speeding Victory.

As a partner in Canada's forward march to nationhood and inspired by a seventy-five year long tradition of high craftsmanship—General Motors of Canada, in this its Jubilee Year, pledges itself anew to the proud task of producing "More and Better Things for More People."

## TWO MINDS WITH BUT A SINGLE AIM

They're going places, these two. Father and son, young man and growing boy, they each have the same objective—by their own efforts to hew a bigger log for their fireside, to carve out a better living for themselves and those they love, to wrest from Canada's free opportunities a rich, productive and contented life.

They don't want to be mollycoddled. They want no one to tell them where they shall work or what they shall eat or wear. All they expect of Canada is the freedom to exercise their own self-reliance and to work among their

fellows with that mutual aid and profit that springs from the free interplay of initiative and enterprise spurred by fair competition.

That's a tradition with Canadians, just as it is a tradition with The Bank of Toronto to participate in the efforts of individuals to improve their lot. With friendly, experienced, financial counsel, with loans to bridge the difficult periods, with a comprehensive banking service available at every branch, this Bank continues to assist all Canadians in attaining the common objective of a richer and fuller life.

"Our fighting men must be backed to the limit!"

Let us face facts in this 7th Victory Loan. Victory in Europe must be complete. Hong Kong must be avenged. No victory anywhere can satisfy until we have freed Canadian prisoners everywhere in the world—until our fighting men and women are home and re-established, they need your full support.

The cost of war has mounted as we approach the end. Your dollars are as essential now as ever before. Our forces must continue to have the finest in equipment. As long as our men and women risk their lives in battle, we at home must give our financial support to the limit.

## Contestants Will See Something To Sing About

Last week's contest proved a little more difficult and only 19 contestants were able to send in correct answers. Mrs. Ross Armstrong, R. R. 3, W. C. Blight, Mrs. W. Brice, 83 Andrew St., Mrs. W. O. Carruthers, and Mrs. A. Thompson, all of Newmarket, have the most correct answers to their credit in the puzzle editor's file and so will receive this week's five double passes to the Strand theatre. The non-winning correct answers have been credited.

Two fine evening's entertainment is offered for these winners and they may have their choice of either evening. Errol Flynn and Paul Lukas in *Uncertain Glory* and *Harriet Hilliard* with Ozdie Nelson and his orchestra in *Hi Good Lookin'* are billed for Tuesday, Oct. 24. Edward G. Robinson, Lynn Bari and Victor McLaglen in *Tampico* and *Loretta Young* in *Ladies Courageous* are on the program for Thursday, Oct. 26. Passes may be picked up any evening at the Strand theatre.

The correct answers were: utility, minerals, pulley, poplar, bunting, regular, doorman, tablet, frame and number.

### THIS WEEK'S CONTEST

Eddie Cantor, Joan Davis and George Murphy in *Show Business*, with Good Fellows as the added feature, will be presented by the Strand theatre on Tuesday, Oct. 31. Franchot Tone, Veronica Lake and John Sutton in *The Hour Before Dawn*, with *Something to Sing About* as the added attraction, are on the Strand program for Thursday, Nov. 2. The five winners of this week's double passes may have their choice of either evening's entertainment.

Contestants are asked to send their entries in on a slip of paper four and a half by two and a half inches (4 1/2" x 2 1/2"). Only one entry will be accepted from any one household or family and the entry must be in the contestant's own handwriting. Entries must reach The Era and Express office by 9:30 Tuesday morning.

The contest is a little more difficult. The ten classified words have been coded. Here they are:

14, 11, 22, 20, 3, 22

## Eggs Cost \$18 Each, Milk \$40 Qt. In China

Mrs. Gordon Agnew, whose husband is one of the most famous dentists in the world and was honored by the Dental Society of America and who has returned to West China, was the guest speaker at a monthly meeting of the evening auxiliary of the W.M.S. of Trinity United church last Thursday.

Mrs. Agnew spoke of the 150,000,000 refugees in China today and of the 13 years' war between the Chinese and Japanese. She spoke of the 50,000,000 who have died in the 13 years. The cost of living has gone up 550 percent, she said. An egg cost \$18, a quart of milk \$40 and our own missionaries take a second look at a crust of dry bread before they eat it, she stated.

## Not A House or Tree Standing, Soldier Says

Mr. and Mrs. Robert Patterson, Newmarket, have received an interesting letter from their son, Spr. A. N. Patterson, who is in Italy. "Things are sure hard on us at present, minus once again and the dirty mud!" he writes. "Can't keep our clothes dry."

"What I would give to see you all again and have a real bed to sleep in, getting pretty tired of looking at this place. There isn't a house standing nor a tree that hasn't been hit—just like death."

"I have not had a bit of butter on my bread since I left Canada. I sit here and dream of the things I would like to do. It gives me happiness to just let my mind drift back to Canada, going around seeing my friends again and having a really grand party."

"It looks like we'll be in dirty Italy for the winter again if it keeps on raining."

## CARD OF THANKS

I wish to acknowledge with sincere thanks the many enquiries and good wishes for my well being during my stay in hospital. I wish especially to thank my comrades of the Newmarket Veterans Association for their kindness to me, also to my fellow work-men of the Office Specialty Co. who gave up valuable time on Saturday evening, Oct. 14, to come to my aid. Last but not least, my neighbors, Mr. Chas. Martin and Mr. Roy Martin and family. I am glad to say I am recovering nicely. Oh yes, thanks Sam Gibney and nurses, who were in attendance to me at the hospital, and Ray Watson, orderly, for their kind attention to me.

Sid Brice, 7 Pleasantview Ave., Newmarket.

## CARD OF THANKS

Frank Kentis wishes to thank the people of Eagle and Andrew Sts. for giving \$14.55 for the Salvation Army drive for funds.

## CARD OF THANKS

Mr. and Mrs. John Oliver and family wish to thank their neighbors and friends for the kind expressions of sympathy extended to them regarding their son, Sgt. John Oliver, of the Irish Regiment, reported missing in Italy.

## CARD OF THANKS

Mrs. A. Tucker and daughter, Florence, wish to express their sincere thanks to their many friends, neighbors and pallbearers who were so kind and thoughtful at the time of their recent bereavement.

## In Memoriam

Halls—In loving memory of our mother, Florence Halls, who passed away Oct. 20, 1939.

It is a tribute of love and remembrance To a mother who has gone to rest The joys that she missed on life's highway May she find in God's garden of rest.

Ever remembered by her children, Marjorie, Frank and Ted.

## Slip-Knot Tie Gravats

## DOWN THE CENTRE

Birthday greetings to our friends at Newmarket camp who last week staged some bang-up celebrations in honor of the fourth birthday of the camp. No one knows at this time what the future plans for the centre are so we thought it might be fitting to review in brief some of the history of the centre on the sports front.

It was in 1940 that the camp started and as we recall it, two of the early figures interested in sports at the camp were Sgt. Playfair Brown, once Canada's leading professional boxing match-maker, and Teddy Graham, one-time hockey great of the Maroons and Black Hawks.

Lieut. Dave Matheson, former Varsity athlete, was another and Lieut. Al Rose from Orillia, now a captain, was also instrumental in getting things rolling. We mention these in particular because none of them are now at the camp and while they didn't have the same facilities for getting things done or record the same successes, they did some grand work in getting things started.

Dr. C. E. Boulding, first M.O. of the camp, now a lieutenant-colonel at London, carried to his military duties the same enthusiasm for sport that he had in civilian life in Aurora. First hockey team was organized in 1941 and, while it didn't set the world on fire, it enjoyed a few games. The originals included Tommy Dunne of Hamilton, Sgt. Al Leigh and Tom Marshall, Barrie Colts; Roy Pearce and Doug Norris, Oshawa; Walt Hooper, Whitby; Bas McLaughlin, Penetang; Vic Skinner, Toronto Norwocs, and others with Lieut. Matheson as coach. The team wore brown sweat shirts with green lettering.

The next winter Sgt. Jack McDonald, affectionately called "The Blimp," appeared on the scene and assisted Lieut. Matheson to get things started and since then Jack, the pride of the camp, has been busy incessantly on the sports front.

The team was grouped with Markham, who went to the O.H.A. finals and for most of the year the camp took some fair beatings. The colors were navy blue with red and white trim and the line-up saw continual changes: Thorne, Yankou and Boushous, looking after the goal duties; Mackie, Matheson and Vitale, the defence, with Neil Morrison, Alex Jackson, Hank Nowak, Alf Haddon, Sonny Townsend, Steve Ling, Grant, Sears, Yates and other lesser lights in action. Nowak, formerly of Native Sons, was the outstanding player and at the end of the season Chick Webster and Whitey Callahan were secured and did yeoman service.

The 1942-43 season saw the team added the name Redmen and the colors long associated with Newmarket camp. Sgt. McDonald was again in charge, only this time he had something to work with. Ernie Hughes, Toronto, and Al Wysinski were in the nets; Bert Shaw, Jack Wheeler and Heenan looked after the defence, with Bob and Nick Bangay of Markham fame; Chuck Nesbitt of Bradford; McMaster, So; Tommy Stewart, Midland; Nichol and Johnny Frew performing up front. All year the team went undefeated until the play-offs and then Brampton camp with added reinforcements bumped them off in a surprise series. It was a heartbreaker to lose, weakness on defence being the main factor. That forward line of the Bangays and Nesbitt was by long odds the best ever to play for No. 23.

Last winter S.S.M. Alex Stewart handled the team and the Redmen were eliminated by Brampton in the C.A.C. play-offs. The line-up was: goal, Dolson, Marleau and Corrigant; defence, Wheeler, McManis, Dolson and Whiteford; Cullenan, Ayson, Zuke, Preston, Croucher, Campbell, Provost and Bacon. Again it was the defence, plus a weakness in goal that told the tale.

Baseball was started in 1941 and from the outset there was great rivalry between the camp and the Newmarket town league teams. Three titles in a row went to the camp before the league folded. The 1942 team had Bob Hays, c; Tom Moore, catcher; Teddie, Gunner, Gill, Al Salaman and Max Hoff on the mound; Bruce Andrews, Red Hardie, Phil Vitale and Alex Jackson in the infield and Moose Mosynski, Al Bonk, Jack Furlong and Wes Niles as the outfield.

Moose A.C. eliminated them in the O.A.B.A. playdowns. Next year the nine had Bernie Gantner, Clair Exelby, Arty Vaughan, Jack Miller, George Gantner, Wes Niles, Gunner, Phil, Harry Comrie, Stan, Heel, Flash Woods and Lefty Newbold in action. Newbold probably being the greatest moundman ever to work for Newmarket.

Last year saw Goose Howson and Bernie Hodge, c; Lefty Newbold and Bill Watson, p; Neli, lb; Preston, 2b; Exelby, ss; Buchowsky 3b; Wysinski, Suttell and Valliere, o. This year the team played unsuccessfully in the Canadian Congress league but did annex the C.A.C. title with a fine display. Jack Ruderman, the Nova Scotia boy, was outstanding on the rubber. The names of the others are fresh enough in your minds to not need repeating. Capt. Jack Morris has for years been the driving force.

Softball in 1941 the team entered the York-Simcoe league and while literally dozens of players were used, they entered the play-offs to be eliminated by Barrie Collegians with the redoubtable Harry Cousin on the mound. The main team had Mackie, c; Wes Niles, Simpson and Stuckey, p; Ditt, lb; Gantner, 2b; Menzies, ss; Abel, 3b; Viscontini, c; Bunker, Rowarth and Johnston in the outfield. Menzies made our first all-star team as regular shortstop while Bernie Gantner was at second on the alternate team and Wes Niles was second team pitcher.

Tommy Bunker was one of the best outfielders to ever play at the camp and of course Niles' record speaks for itself over the years. The camp has been Camp Borden Homeguards in a post season series. The 1942 team captured the Mount Albert tournament, won preliminary army rounds and then lost out to Chatham, the ultimate

winners at Ottawa. A fine series with Chatham, Brantford and Engineers from Borden was also a highlight. The team read, c; Pirie, p; Cecil Brown, Niles, Mahaffey, 1b; Gortler, 2b; Gantner, 3b; Exelby, ss; Vaughan, 3b; Wilson, with Wysinski, Mitchell and one of the pitchers in the field. Last year the Redmen played in the Davisville senior circuit in Toronto but were eliminated. Brown, Larmer and Higgins were the moundmen, with Hodge behind the bat, O'Neil, Coffey, Clarry, Exelby, Wysinski, Valliere, Buckwsky and Bark making up the rest of the team.

This year the team annexed the C.A.C. championship and were eliminated in the M.D. 2 play-offs. You know the winning line-up. Syd Bowman started soccer at the camp in 1942 with a team that played a successful season of exhibition games, the next year entering the T. and D. senior series and making the play-offs. This year the camp failed to make the grade in the senior series and were finalists in the C.A.C. cup series. Maroon and Carson, Froom and the Georges were some of the early stars at the camp. Each year it has been the same story, inability to hold players.

Track and field were started at the camp in 1942 under the direction of Larry O'Connor, Canadian olympic star, and with the advent of track came the gala July 1 meets and sports day extraordinary. Descon Plummer, lanky negger, and Dave Dickie were two of the best performers on that first team. 1943 saw the M.D. 2 championship come to Newmarket with Jimmy Holmes, the Dales brothers, Life, O'Neil, Valliere and others giving scintillating shows. This year was a bigger success, the M.D. 2 honors and armored corps as well.

Boxing has been gathering momentum every year and last year several of the lads did well in local side competition. With the advent of a new gymnasium, instructors like Len Wadsworth and Baby Yack present this year should see blue ribbons aplenty. Basketball, which has been played the past two years, is also due for some more intensive efforts. Last year's team was good enough to take most military teams and did win several fast exhibition titles.

Tribute must go to a lot of people who have made such a record possible. The two commanding officers, Lieut. Col. Harkness and Lieut. Col. Young, who have both been strong boosters of their teams and their interest and encouragement has meant a lot. Major A. H. Adams, Lieut. Dave Matheson, Lieut. Al Rose, Capt. Tom George, Capt. Pete Kerr, Capt. Jack Morris, Lieut. Bob Kennedy, R.S.M. Pat Farrell, S.S.M. Alex Stewart, S.S.M. Henry Sheppard, S.S.M. Sydney Bowman, Sgt. Jack McDonald, Sgt. Clair Exelby and many others we have omitted through failing memory have played a big part in seeing Newmarket camp hold its head high in sports competition. Yes indeed, those fellows at No. 23 had a right to a swell birthday party and it is a course conceded that not only sports alone but those in every field of army endeavor from the cookhouse to training were entitled to a share in the pride of all ranks.

## Bill Mundell Takes 10 Firsts, Breaks 3 Records

With perfect weather prevailing, Aurora high school held its annual field day on Friday in the town park. The competition was keen in every class and no less than nine records went by the boards.

Scoring seven firsts, two seconds and two thirds, Garfield Doolittle won the senior boys' class. Peter Crysdale was runner-up. Harold Corbett took two firsts in this class. Jacqueline Thomson won the senior girls' title, with Betty Preston next in line. No records fell in either of the senior sections.

The intermediate class saw five records fall. Bill Mundell, last year's junior champion, turned in three record-smashing performances, breaking the hop, step and jump, running high, and running broad marks. He scored ten firsts to take all events and in five events his distances and heights were better than the seniors. Billy Kingdon was second.

Pearl Mackey annexed the girls' intermediate crown and in doing so broke the records in the baseball throw and the running broad jump. Both marks were better than those of the senior winners. Clare Bryan was runner-up.

Bill Linton and Bill McGhee tied for honors in the junior boys' class and both will receive medals. Bob Petch and Ken Richards were knotted for the runner-up title. Records were broken by Bob Petch in the high jump, Bill Linton in the standing broad jump and Bill McGhee in the running broad. Marie Wilson won the junior girls' title. Barbara Case and Jolyne Doolittle were tied for second. Barbara Case broke the running broad jump record.

Team honors went to the whites captained by Bill Mundell and Agnes Hill, with the yellow team under Gar Doolittle and Vivian Neilly second.

The customary school dance was not held following the meet but will be staged later this month. Prizes will be presented at commencement exercises.

The results were as follows: Sr. boys: discus, C. Seath 113'; Doolittle, B. Heise, W. Babcock, C. Williams; one mile, D. Stephenson 5 min. 3 sec.; G. Doolittle, P. Crysdale, W. Doherty, J. Kerswill.

One-half mile, G. Doolittle 2 min. 20 sec.; D. Stephenson, P. Crysdale, B. Babcock, C. Williams; 440 yds., G. Doolittle 54 sec.; P. Crysdale, D. Stephenson, B. Heise, N. Nigh; 220 yds., G. Doolittle, D. Stephenson, N. Nigh; 100 yds., G. Doolittle 11 sec.; P. Crysdale, B. Heise, N. Nigh, D. Stephenson.

High jump, H. Corbett 4' 10"; C. McNaught, W. Doherty, G. Doolittle, B. Heise; hop, step and jump, G. Doolittle, B. Heise, P. Crysdale, H. Corbett, D. Stephenson.

Standing broad jump, G. Doolittle 7' 8"; H. Corbett, B. Heise, B. Devins, P. Crysdale; running broad jump, G. Doolittle 18' 7"; H. Corbett, P. Crysdale, D. Stephenson, B. Heise.

Pole vault, H. Corbett, N. Nigh, G. Doolittle, W. Swindle; shot put, B. Babcock 32', N. Nigh, P. Crysdale, V. Styrmo, B. Heise; novelty, greens, blues, red, white, orange.

Sr. girls: basketball throw, B.

WOUNDED IN ITALY

Pte. Allan ("Turk") Ferguson, a former Aurora hockey star, has been wounded in action in Italy, according to word received by his wife recently. Pte. Ferguson is a son of Mr. and Mrs. Malcolm Ferguson, Melcalfe St. He enlisted in 1942.

DISCUS BREAKS JAW

An unfortunate accident, unique in the history of the school, took place last Thursday at the Aurora town park. Following the completion of the intermediate discus throw, Bill Mundell, winner of this class at the high school field day, was attempting to break the existing record when the discus slipped from his hand, hurtled through the air and struck Charles Seath in the jaw. Charles sustained a fractured jaw. He was attended by Dr. J. L. Urquhart.

JUDGE HORSES

Lorne Cousins and Dr. J. E. Walker were judges in the horse classes at Schomberg fair on Saturday.

SAINTS ARE GOOD

St. Andrew's College seniors blanked Pickering College firsts 8-0 in Aurora last week in an exhibition rugby fixture. Jon Errington got a touchdown and Taylor booted the rest. In a junior match the Saints whitewashed U.C.C. juniors 14-0. Fraser Smith accounting for nine points, and Middleton for five.

HAVE NEW OFFICER

Capt. Johnny Pote, 1st battalion, Queen's York Rangers, is the new training officer of the 2nd battalion, Queen's York Rangers (reserve). Capt. Pote was commissioned with the N.P.A.M. unit of the county battalion in 1938 and went active with it in 1942. A brother, Lieut.-Col. W. H. S. Pote, commanded the first battalion of the unit when it was mobilized.

THEY'RE TOPS

St. Andrew's College footballers scored a triple win on the gridiron last Saturday. The senior team defeated Barrie C.I. 15-5. The juniors whipped U.C. 15-5. The Varsity defeated U.C.C. 25-0. Quite an afternoon's work!

## Two Aurora Boys Are Mentioned in Dispatch

In a dispatch from overseas, Major Bert S. Wemp, D.F.C., Toronto war correspondent, pays tribute to the work of the Irish Regiment, in Italy. After mentioning the smashing of Montecchio, key town of the Gothic line, taking Tomba Di Pesaro and the Coriano ridge, Major Wemp lists 18 officers and men for special distinction, including two Aurora boys, Sgt. Wesley C. Stephenson and Pte. Keith Knowles. It is the third time mention of the boys has been made by war correspondents.

## ARM IS BROKEN

Mrs. Herbert Lewis fell in her home and broke her arm on Monday. She was attended by Dr. J. L. Urquhart.

## New Fire Alarm System Put In Firemen's Homes

A new electrical fire alarm system is being installed in the homes of the members of the Aurora fire brigade by town electrician Charles Copland. When an alarm is sent in, a bell will immediately ring the proper zone number in the fireman's home.

On out-of-town fires, the call comes to the Bell telephone office and the operator on duty will be able to warn all firemen at once by means of the new system. Previously on out-of-town fires the custom was to telephone the waterworks, and a general alarm was sent out. According to Mayor Ross Linton, the new system costs the town little. It was included in the fire department's budget when the mill rate was struck.

Work is drawing to a completion on the enlargement of garage facilities at the old town hall, the old council chamber room being no more. As yet the new fire truck has not been delivered but it is expected sometime in November. The new vehicle will be used for out-of-town fires as well as those in town. The municipality will not be left without protection as the old truck is still on hand.

## Memorial Centre Is Aim Of Board, Buy Property

Following an executive dinner and business session last Thursday, the Aurora board of trade has purchased the property of the late Dr. W. J. Stevenson on Yonge St., next to the old town hall. The board thinks a community centre may be erected sometime in the future on this fine site to commemorate the sacrifices made and in memory of those who have paid the supreme sacrifice during the present war.

"This matter has been in the minds of many of the members of the board of trade for some time, although no concrete plans were or have been laid," President Lorne C. Lee told The Era and Express. "We are having our annual meeting next month and I presume the matter would ordinarily have been fully discussed then. However, last week we learned the property was on the verge of being sold for a service station or garage and we got together to discuss the matter, with the result we decided to take immediate action and acquire this valuable property to protect the townspeople and save the site for some purpose of this kind."

"Now we have to raise money to pay for it, and I may say the price was very reasonable. We will be calling a public meeting or will be open to suggestions as to the best use that may be made of the property in the future, perhaps a year or two hence. It will take a lot of planning to see we go after something that will meet the approval of the majority of the people in town. The town owns the adjacent property and to erect a building of the type that would likely be needed would probably require both sites being used."

"We could house the library, municipal offices, clubrooms for the various organizations, and many other suggestions will likely be put forward. I hope the people of Aurora will approve the action of the board of trade in acquiring the property. We had no time to lose and acted promptly."

Mr. Lee paid tribute to Vice-President, Dr. E. J. Henderson and other members of the board for their co-operation and helpful suggestions.

"Dr. Henderson has made many splendid suggestions in the matter and has had this idea in mind for some months," Mr. Lee said. "We are anxious to obtain a consensus of opinion as to what might be erected on the property," Dr. Henderson said. "I believe we did a wise thing in securing the property, but we have no intention of foisting our opinions on the town or of doing anything without fully consulting all the people. It would be an after-the-war project, but I believe we should think about such things now and get the community decided upon what we all want as a memorial."

## WRITES MARCHING SONG

Sgmn. Brian Manley, whose parents, Mr. and Mrs. F. Manley, reside at Jefferson, has written a marching song called Patch of Red, white on duty in Sicily and Italy. Major-General Christopher Vokes has officially adopted it as the song of the Canadian first division. Sgmn. Manley was inspired to write the song by the Nazis' description of the Canadian soldiers as "Red Patch Devils."

He enlisted in 1941 and has been overseas since February, 1942. A brother, F.O. Terry Manley, is with the R.C.A.F. He married in Scotland. He was employed at New Toronto when he enlisted.

Tan Day Proceeds Will Buy Soldiers Cigarets

The Aurora board of trade is holding a tan day on Saturday, Oct. 28, to raise further funds to send cigarettes to Aurora boys overseas. By means of an ice carnival last spring, \$315 was raised for this purpose and already approximately 600 cigarettes have been sent to each Aurora boy overseas, the latest shipment going forward last month.

Many fine letters expressing appreciation have been received by the board from Aurora boys. The committee in charge, under Alfred Willingham, is hoping for a generous response from townspeople.

St. Andrew's College footballers scored a triple win on the gridiron last Saturday. The senior team defeated Barrie C.I. 15-5. The juniors whipped U.C. 15-5. The Varsity defeated U.C.C. 25-0. Quite an afternoon's work!

Aurora's Seventh Victory Loan objective has again been set at \$200,000. Next week the local canvassers will begin the long grind to raise that amount. Canvassers and salesmen appointed for Aurora by H. L. Trapp, Victory Loan organizer for North York, are Frank R. Underhill, Edward Warren, Rod. Caldwell and Jack Ardill.

Aurora failed to obtain this figure by a small amount in the sixth loan but Mayor Ross Linton is optimistic that this time Aurora will go over the top.

"Now is the time to really get behind our service men and women and finish the job," said Mr. Linton. "With no compulsory savings now, our people should have more money to invest in bonds. I urge the people of Aurora to give the canvassers every assistance and see that Aurora goes over the top."

## DOWN THE CENTRE

Last week we had the honor of receiving a bid to the "Meet the team" dinner at the Royal York hotel given by the Toronto Maple Leafs hockey club. The Leafs have been holding these get-togethers for some years and this year they decided to extend a few invitations to those outside the immediate Toronto orbit. Our thanks to Ken Walls of the Barrie Examiner and others for submitting our name for a bid. There were around 100 at the dinner, which was tasty by the way of food and short and sweet by way of speeches.

Ed Bickle, president of the club, was master of ceremonies and seated at the head table were directors of the Gardens, coach Happy Day, the tireless business manager, Frank Selke, who takes pride in being a North Yorker with his racing stable quartered at King, Mayor Fred Conboy, Controller Fred Hamilton and Clerk James Somers, representing the City of Toronto, and Bob Isbister of Hamilton, one of the truly greats in Canadian football.

Major Connie Smythe was of course an absentee from the dinner being in a Toronto military hospital. Mr. Bickle said the redoubtable Connie who had just missed the grim reaper by a whisker was now out of danger and he hoped "he would soon be back at the Gardens cracking the whip again."

The gathering sent a message of encouragement to the absent chief. It was hard to see just who all were present although we did get around and have quite a gabfest.

with a good many well-known sportsmen. Among those we talked with were: Charlie Hemstead, the race horse owner, once backer of Markham junior hockeyists; Murray Scruton, ye olde mastermind of Etobicoke hockey teams with whom we have had many a friendly argument; ex-players Red Horner, who declares the Briars Golf club to be one of the best in the province; Baldy Cotton, now scouting for the Bruins; George Hainsworth, the great netminder, Joe Primeau, ex-centre star and coach of U.C.C. against Aurora and St. Andrew's; and Cpl. Bobby Bauer, member of the famous Schmidt-Dumart-Bauer line, looking very fit in air force blue and back from overseas after 18 months.

Radio announcers Rex Stimers, the voice of C.K.T.B. who is a really sartorial swell, Foster Hewitt, ready to start his 13th straight year at the mike, Red Barber, Gardens announcer, Norm Marshall of Hamilton and others. Sports scribes were read like a who's who list. Jimmy Coleman, Vern DeGuer, Bobby Hewitt, J. P. Fitzgerald, Johnny Fitzgerald, Joe Perlove, Red Burnett, Bunny Morganson, Syd Thomas of the C.P. and Tommy Morrison of Fort Colborne were all there. Capt. Hud Stewart, sports officer for M.D. 2, Major Harry Beaumont, sports officer N.D.H.Q., C.S.M. Phil Daniels of the Army Bullets, secretary Billy Hewitt of the O.H.A., Jack Stafford, minor league hockey impresario, Toots Holloway of Belleville, ex St. Pat's and Maroon player, Vince Upper, outstanding hockey and baseball star at Fort Colborne, and Charlie Quirrie, ex-chief of Toronto pro team and Markham born, were among the clan assembled. Holloway and Upper were our immediate neighbors at the board.

Happy Day introduced the players briefly and Day, who is in his fourth year as coach, said forthrightly, "I figure we have the best team on hand since 1941-2." There were around 40 players on hand and it was said to be the biggest gathering the Leafless family had ever had. They left for Owen Sound that day and when trainer Tommy Daly called roll it was found necessary to house them in different hotels.

Old faces that needed no introduction were Bob Davidson, veteran of the team, looking in the pink, Babe Pratt, a veritable Tarzan and needing exercise, Lorne Carr, oldest player on the team and one of the

cagiest, who is getting bald, Jack McLean, again at University, missing his sidekick, Jackie Hamilton, now in the navy, Reg Hamilton, fresh from a season at lacrosse and veteran Mike Karakas. Harry is out for a few weeks through a soccer injury.

From this quartet, unless the unexpected happens and we have a hunch it will, the Leafs must draw a regular netminder. Those of you who root for the Toronto boys may well keep your fingers crossed if you expect another Bibeault or Broda.

Defence prospects included: Bob Gray, a Winnipeg juvenile hopeful, Dean McBride and Pete Backer of St. Kitts, the former a junior, the latter, who comes from the Thunder Bay district, a senior workman of ability, Jimmy Thomson of Winnipeg who tried out with the Leafs last year and played for Marlboro juniors, Frank Bennett of St. Mike's and Phil Samis, the dead spit of Aurora's Del Beaumont, native of Edmonton and declared by his sponsors to be a second Eddie Shore.

New forwards: Gordon Heale and Tod Sloan of Copper Cliff, both of juvenile age, the former with senior experience, Jack "Goose" Hewson of Brantford, discharged from the army and a fair senior performer, five boys from Winnipeg (Patrick must be slapping), John Arundel, Howard Spencer, Al Buchanan, Ed Young and Johnny McCormack, all juveniles except McCormack who was with St. Mike's and Oshawa last winter, Laurence Weller of Woodstock, a teammate of Syl Apps at Simcoe camp last winter and sent to the Leafs by Apps who is now on an officer's course at Brockville, Don Bauer of Kitchener and St. Mike's who may supply the Leafs with the Kitchener touch they have been bemoaning ever since they let the Kraut line slip through their fingers, John Reynak, Fort William, and Rudy Frederick, Calgary, both army rejectees, and Eric Unger, good St. Kitt's junior player.

Not present but definitely ready to face the barrier were a forward trio of Mel Hill, the general handyman,weeney Schriener, once leading league scorer, rejected for service after a year's absence, and the dashing Nick Metz, who has kept up his hockey the past two years with the Canadian army teams. Day really beamed as he mentioned this trio who will report soon and what manager wouldn't in times like these? There you have a word picture of the boys who are seeking a place on the team.

Flaming youth was our impression as we watched the kids wolf their food, blushing in most cases, (Page 9, Col. 3)

St. Catharines seniors, was a surprise turn up, and reporting in a few weeks for duty is Harry McQuestion of Toronto, for years one of the better goalies in the amateur ranks, considered last year by the Black Hawks and passed over for veteran Mike Karakas. Harry is out for a few weeks through a soccer injury.

## DOWN THE CENTRE

(Continued from Page 8)  
 take their bows, kid each other at  
 the table, watch carefully what the  
 oldtimers near them were doing and  
 look resplendent in "collegiate Sam"  
 suits, new ties and polished brogue  
 shoes. The picture of health,  
 the envy of most Canadian boys of  
 their age, wistfully looking ahead  
 at what's around the corner, optimis-  
 tic, trying hard to drop that cal-  
 low feeling in the face of big  
 names, making a meal at the York  
 appear like an everyday occurrence,  
 thinking probably of dad and mom  
 and that gal back home, wondering  
 how long they'll be on the payroll  
 and what the fellows in Owen  
 Sound are like.

Good luck to all must have been  
 in the minds of most of us, who  
 with thinning or greying hair, fat  
 paunches and ill-turned shapes that  
 once were slyph-like athletic bodies  
 too, watched the accent on youth.  
 Guess as long as there are as whole-  
 some a lot of boys ready, to enter  
 on either in sport, business or poli-  
 tics we have little to fear for the  
 future, but believe me, brother, if  
 we had their age and our own ex-  
 periences, what a combination, say  
 we all.

How do we rate the Leafs? That  
 is a \$64 question to say the least  
 and if we knew the answer we  
 could make you and yourself some  
 real folding money. If they get  
 good goaltending there is every  
 reason to suppose the Toronto team  
 will do better than last winter.

Reynak, Samis an Prentice may  
 make the grade, in fact, should  
 according to all the dope. Last  
 year's good youngsters should do  
 better this season but in our books  
 the Leafs are not of championship  
 calibre.

We are certain they'll make a  
 play-off place and call them no  
 worse than third over the regular  
 schedule and possible finalists.  
 The two big questions are goal  
 and a high class defenceman. Given  
 these, the Day boys would be  
 mighty hard to take. We are get-  
 ting the dope on the rest of the  
 teams for you, in most cases, right  
 from the training camps and before  
 the season starts we'll lay our head  
 on the line. One thing is sure, the  
 fans can be sure of seeing some  
 better hockey than last winter,  
 which is a big improvement in it-  
 self. For those of you who take  
 your hockey via the radio, it won't  
 make much difference.

P.S. The Leafs won the Stanley  
 Cup in 1912 and while naturally  
 he looks through rose-colored glass-  
 es, Coach Day has never been  
 known to whistle through his teeth  
 or brag. So when he gives you that  
 honest opinion the slogan can well  
 be "Swish the Leafs". As a sam-  
 ple of what may happen, no sooner  
 had we completed our copy when  
 we learned the Leafs had traded  
 Boothman and Webster to Eddie  
 Shore for Bill Ezdinlik, one of the  
 greatest junior players on blades  
 the past few years and sparkplug  
 for the Oshawa Generals. Bill will  
 definitely do.

## KESWICK

At the morning service of the  
 United church on Oct. 22 the pas-  
 tor, Rev. Gordon Lapp, will preach.  
 The evening service will be with-  
 drawn so all may attend the even-  
 ing anniversary service at the  
 Christian church.

Rev. Gordon Prosser, chaplain in  
 the Canadian army, and Mrs. Pros-  
 ser spent some time recently with  
 Mr. Prosser's parents, Mr. and Mrs.  
 William Prosser.

A Women's Missionary service  
 was held at the morning service  
 last Sunday. It was led by the  
 president, Mrs. Ernest Morton.  
 Rev. Gordon Prosser pronounced  
 the benediction.

Miss Constance Chappell, a for-  
 mer missionary in Japan, gave an  
 instructive address. Mrs. Whipple  
 sang a beautiful solo and Miss Joy  
 Marritt led in prayer.

The evening service was address-  
 ed by Rev. H. J. Pritchard, Sutton  
 West. Mr. Pritchard's inspiring  
 address stressed the need of grad-  
 ual growth of character and con-  
 viction. Mr. and Mrs. John Hopkins,  
 Toronto, were Thanksgiving guests  
 at the home of Mr. and Mrs. Frank  
 Marritt.

Mrs. Thomas Robinson, Aurora,  
 visited her daughter, Mrs. Frank  
 Marritt, at the Thanksgiving ses-  
 sion.

John Hensley of the R.C.A.F.,  
 Mrs. Hensley and infant son visited  
 at the home of Mrs. Hensley's par-  
 ents, Mr. and Mrs. John Hopkins,  
 during the Thanksgiving holiday.

Mrs. Wesley Shier and baby  
 daughter visited Mrs. Hopkins last  
 weekend.

**HOLLAND LANDING**  
 Holland Landing, Oct. 12—Mr.  
 Dave Smith and Mr. Walter Bell  
 spent the holiday weekend with  
 relatives in Windsor.

Mr. and Mrs. Stevenson spent  
 a few days in Detroit with  
 friends.

Mr. and Mrs. Stan Nesbitt  
 spent the weekend with Mrs.  
 Nesbitt's parents.

Mr. and Mrs. James and fam-  
 ily of Collingwood called on  
 Mrs. W. J. Thompson on Sunday  
 on their way up to spend the  
 day with Mrs. Thompson's par-  
 ents and brother at their cottage  
 at Lake Simcoe.

Mrs. E. Bell has returned  
 home after spending a couple of  
 weeks with her sister in Toron-  
 to.

## Onions Are Scarce In England, Valuable Here

Money seemed to come in from  
 all directions at the October meet-  
 ing of the Elm Grove W.I. at the  
 home of Mrs. J. Munro. Between  
 donations, tea collections, travel-  
 ing basket and patched apron the  
 amount totalled \$19.19.

An onion, a Spanish onion,  
 brought \$1.17. Sounds like a story  
 from England or Italy. But this  
 incident took place in Elm Grove.  
 A member wrapped a very large,  
 home-grown, Spanish onion in fancy  
 wrappings and let those present  
 see the parcel but didn't disclose  
 what it contained. Tickets were  
 sold at one cent each. Mrs. P.  
 Brown got the onion.

The roll-call was answered by  
 each member saying something  
 about the person on their right.

Fourteen boxes have been packed  
 and sent overseas since the last  
 meeting.

Several of the 15 ditty bags were  
 handed in. Wool was supplied by  
 the Navy agents and socks were  
 knit by the members.

The members were reminded to  
 keep the annual bazaar in mind  
 and ask for gifts for the fish pond,  
 bingo, used clothing, books and  
 baking table. This year there will  
 be a fortune teller.

Mrs. E. Cryderman was appoint-  
 ed delegate to the annual conven-  
 tion in November at the Royal  
 York hotel, Toronto.

Some might think it early to  
 make Christmas plans, but it was  
 decided the Belhaven hall should  
 be spoken for as soon as possible  
 for the annual Christmas dance.

There was a small attendance at  
 the rally in Belhaven on Oct. 3.  
 Mrs. C. Hayes, Georgetown, was  
 the speaker. The department of  
 agriculture pays Mrs. Hayes ex-  
 penses. Three branches were not  
 represented.

Mrs. N. Munro and Mrs. J. Munro  
 gave splendid reports on the rally.  
 Mrs. Hayes' topic was duties of the  
 convenors of standing committees.

Belhaven had been invited to  
 attend this meeting and bring the  
 program, but were unable to attend.

Mrs. P. Brown gave a musical  
 selection. Then Mrs. A. Smallwood,  
 editor, read the latest edition of the  
 Elm Grove Echo. It included  
 poems, jokes and a character  
 sketch of Mrs. J. Graham.

Careless members read and  
 discussed. This monthly paper has  
 proved to be an interesting addition  
 to the meetings. The members  
 supply the articles for it.

The next meeting will be held at  
 the home of Mrs. L. Ley.

The following is a resolution  
 passed by the Elm Grove W.I.: We  
 the Elm Grove W.I. do hereby  
 strongly recommend the families of  
 this district do their utmost in  
 creating interest in buying Victory  
 bonds in the seventh Victory Loan  
 campaign. Whereas the Dominion  
 government is asking for a loan of  
 one billion, three hundred million  
 dollars in order to carry on the war  
 against Germany and Japan, every  
 citizen in this community should  
 purchase Victory bonds and support  
 our soldiers who are giving up their  
 homes and loved ones so that we  
 may be a free people.

## SUDDEN

Dave had taken his girl to  
 lunch, and she had spoken to a  
 nice looking man at the next  
 table.

"Is that man a friend of  
 yours?" asked Dave.

"Yes," she replied.  
 "Well, why don't we ask him  
 to join us?"

"Oh, Dave, this is so sudden,"  
 cooed the girl.

"What's so sudden?"  
 "Why—why—he's our mini-  
 ster."

**TPR. G. A. RILEY DIES**  
**IN FRENCH ACTION**

Mrs. A. Riley received word  
 last week that her husband, Tpr.  
 G. A. Riley, was killed in action  
 in France on Oct. 2.

The United church service

### THE COMMON ROUND By ISABEL INGLIS COLVILLE MOSQUITO

Everyone is agreed that mosquitoes are a pest which must be wiped out. Besides being exceedingly unpleasant to come in contact with, they breed disease—hence, we'll have no more of them.

The mosquito of which I write fits the above description very well; it would be very unpleasant to come in contact with and it does spread destruction.

On Sunday afternoon the man of the family and I went down to the de Havilland aircraft plant to attend guest family day being observed there, and to inspect the breeding place of the deadly Mosquito.

From every direction cars were converging on this one goal—old cars, new cars, small cars and big cars, with occasional station wagons and buses thrown in for good measure.

We thought that all the cars were just arriving, but when we got there we found them packed in solid ranks, but each row behind its identifying letter.

Of course, even with the letter staring me in the face, I never saw it, and had the finding of our car depended on me, I'd have wandered round in a lost way till all the rest were gone and ours alone was left. However, friend husband's brain works differently from mine and he saw the H which was to be our guide.

Then began the trek through the plant, which, to me, seemed a combination of a Buck Rogers and Flash Gordon scene.

Great machines which looked

like French guillotines posted there to chop off someone's unlucky head; other machines that chewed things; machines like my better-half operates that put neat spots all round things, sewing them up like a sewing machine; machines that shaped things and scraped things and polished things, and all so orderly and exact.

But it was when I looked at the engine of a Mosquito that I gave up trying to understand things. How anything so intricate, complicated and CROWDED, could operate as a whole, and how anyone could keep their sanity in the small space for the pilot and operate anything so speedy and powerful, put me in a dazed condition from which I haven't recovered yet.

Then we saw a Tiger Moth and a glider go up and to me, as to many more, the marvel was as to HOW the glider stayed up. The announcer said to watch when the cable was cut and then see how the glider, in spite of its engineless innards, could manoeuvre, climb, loop and finally come down like a bird.

It's pilot was a Pole who has made gliders his work and he told us that gravitation kept the plane in the air and made its guidance easy. It was a cold, very wet afternoon, in fact it poured rain, yet he was in civilian clothes and no hat or helmet on a very bald head.

Then three Mosquitoes put on a marvellous exhibition. It was too bad that we were all so cold and wet that we couldn't enjoy or rather appreciate it as we should.

They came so low that they flew between the buildings, and the men near the grounded glider had to hold it down, or it might have departed for paths unknown.

They looped and dropped flares and went at a speed that left me breathless and muttering little prayers of thankfulness that they came in peace and not to sting.

The airforce band was there but the rain was too much for them, so that, like some other features of the afternoon, had to be abandoned. As we joined the rush for the warmth and shelter of cars, it was again amazing to see the number of employees and their families.

I saw one cute thing. A young man had provided a new means of locomotion for his baby. Strapped to his back was a little basket and in it sat Miss Baby, as on a throne, happy and serene, while her father looked with disdain at the men who merely carried their infants in arms which must, after all those hours, have been tired.

We inched our way out of the grounds, three cars abreast, much in the way a caterpillar progresses—inch forward, jerk, stop, ad lib.

And then we were on the open road again, driving through a country rich in gorgeous autumn hues; so peaceful that one felt guilty, when one's thoughts went to where men fought and died FOR that peace. And so, home, having learned that there are mosquitoes AND Mosquitoes!

### POWER CONTRACT

There will be a special meeting of the council this Monday at 8:30 p.m. to discuss arrangements for a new contract with the H.E.P.C. The town's contract expires in April of next year.

### Special Services End With Rally On Sunday

Interest in the special evangelistic services at the First Church of the Nazarene which are being conducted by the pastor, Rev. L. E. Sparks, with Rev. T. T. Liddell, M.A., evangelist of Chicago, Ill., as guest speaker, is increasing daily. The meetings have entered their second and final week and are featured with hearty congregational singing of well-known gospel hymns. They are being attended by a good representation of the townfolk and friends from the surrounding country.

The evangelist has more than lived up to advance notices, and is well qualified and fortified for his evangelistic ministry. He is a graduate of the American Conservatory of Music and of the Armour Technical Institute and North Western University. Before entering the ministry he was an electrical engineer and prominent in parole work in Indiana and Illinois. He was given a warm welcome to the town by the local congregation and friends of the church. Mr. Liddell expressed his appreciation and said that he senses real Christian fellowship and co-operation.

The ministry of the evangelist is definitely one of sermon and song plus personal work. He is a gifted singer and his songs always contain a message. He usually sings immediately preceding his address. He is a forceful speaker, has a pleasing personality, appears to have an abundance of sanctified humor and uses it to good advantage in his ministry.

Music, both vocal and instrumental, figures largely in the services. Miss June Haines, church organist, has officiated at the organ and piano. Roy Langford and J. Black rendered a vocal duet on Sunday evening and Mr. Langford and the pastor played an instrumental number.

The meetings are continuing throughout this week with a great rally on Sunday, Oct. 22.

### W.C.T.U. NEWS

This is the first of a series of articles, sponsored by the Newmarket branch of the W.C.T.U., which will appear in The Era and Express at regular intervals.

By LEONORA STARR

Rev. Dr. C. W. DeMille, editor, The Temperance Advocate, the chief speaker at the county convention of the W.C.T.U. for Simcoe, Muskoka and Parry Sound, held at Barrie summarized his reasons for opposing the liquor traffic in seven points:

1. "The liquor traffic, as we have it today, is the greatest threat to our democratic institutions. If the liquor traffic has its way, we shall produce a system quite akin to that which prevails in Germany."

2. "It is the most disturbing political influence in our whole civic life. We have had three glaring examples in Ontario: Sir William Hearst, Hon. Newton W. Rowell and Hon. E. C. Drury were three men who were crucified by the liquor interests because they dared to oppose the liquor traffic."

3. "It is the largest contributing cause to accidents on the highways and in factories. Last year 567 were killed on the highways, many of them traceable directly to liquor."

4. "It is the greatest cause of juvenile delinquency—perhaps we should say juvenile and parental delinquency."

5. "It is the greatest economic tragedy we have, taking so much from our public purse. Last year in Canada, the people spent 335 million dollars on liquor; the government will give you wholesale prices. The Business Research Foundation states that for every one dollar spent on liquor, it requires 80.6 cents to correct that evil by policing, etc. If anyone tells you, say, that Barrie town council gets \$3,000 back from the Liquor Control Board, just multiply that by 160

to get the amount of money spent on liquor.

6. "It is the most sinister moral and religious threat facing us today."

7. "It is a close ally of Canada's greatest health problem, venereal disease, about 60 percent of which is occasioned by alcoholic beverages."

Dr. DeMille advised his hearers to: (a) see the problem clearly; (b) keep the problem before the parties; (c) teach, teach, teach;

to get the amount of money spent on liquor. (e) offer suggestions; (f) co-operate with others to correct the evil; (g) let the government know where you stand on this issue; (h) don't forget to pray.

### ARMY REGULATIONS

An old soldier, on leaving the army, wrote to his colonel as follows:

"Sir—after what I've suffered, tell the army to go to blazes."

He received a reply in the usual official manner:

"Sir: Any suggestion or inquiries as to movements of troops must be entered on army form 123XYZ, a copy of which I am enclosing."

### ELMHURST BEACH

An enjoyable afternoon was spent by the Elmhurst Institute at the home of Mrs. Deavitt when Union Street Institute entertained. Mrs. Wm. King was the winner of a contest prize.

R. H. Corner, representing the victory loan, addressed the group, asking all members to do their best to promote interest in this important loan.
